**FOCUS ON PERSONNEL:
DONALD MICALLEF
GROUP FINANCIAL CONTROLLER
MALTA UNIVERSITY HOLDING COMPANY**

Donald Micallef joined the Malta University Holding Company as Group Financial Controller in July 2010. His main objective from the start has been to simplify procedures as much as possible and support colleagues.

Prior to joining MUHC, Donald was Managing Director of his family business for 20 years. Through this business, they revived the Maltese delicatessen industry by producing traditional food and making use of modern packaging. This industry has now grown, and the concept is also at times introduced to towns and villages by local councils as Maltese nights.

Following his work in the family business, Donald was Financial Controller of two other companies before MUHC. He qualified as an Accountant in 2006 after sitting for ACCA exams between 2004 and 2006.

Donald is married to Patricia and has two sons, Luke and Daniel, who are currently both reading for a degree at the University of Malta. He enjoys keeping fit and goes to the gym 4 days a week very early in the morning. He also enjoys boat cruising with family and friends in summer.

*"Simplicity is the ultimate sophistication."
– Leonardo da Vinci*

**MALTA
UNIVERSITY
LANGUAGE
SCHOOL**

In June, the Malta University Language School became a residential school when it started to operate from the Malta University Residence in Lija

*"To achieve great things,
two things are needed: a
plan and not quite enough
time."*

– Leonard Bernstein
