

## Testimonials

*"Nick,*

*I was very happy with the outputs. The strategic conversation that got us there was invaluable and the output has some key features that we can build actions upon.*

*Thanks*

*Dave"*

***Managing Director of a world leading provider of high tech communication and testing equipment***

*"Dear Nick,*

*Thanks for the excellent session and this transcript. As all discussed the most promising is for Windows .... We will drive to complete our business plan by end of September.*

*Kind regards*

*Mark"*

***Managing Director of a global leader in photonics industry***

*"Nick*

*Thanks for sending this through, having read the summary it is a clear reminder to me of the significant progress we achieved during our time with you which gives an excellent foundation to build upon in the coming months. I'm sure I speak for all of our team in expressing my thanks to you for the excellent and enjoyable training sessions you provided.*

*Kind Regards,*

*Kevin"*

***Operations Director of a family owned surface treatment company***

*"Thank you Nick, it has been a real pleasure and experience to be in your Work Shop Thank you again for your time and energy that has been spent with us looking forward to the last W.S.*

*Thanks again for your guidance and supportive manner to our management team.*

*We have an open door policy for you always*

*Take care*

*Regards*

*Allan"*

***Chairman of a "build to print" precision engineering company***

*"Hello Nick,*

*Many thanks for the transcripts.*

*We found the whole process interesting, helpful and that it underpinned our vision for the future.*

*We will certainly get back to you if any questions come up.*

*It was good working with you.*

*Best regards,*

*Ian"*

***Managing Director of a precision casting and CNC specialist***

*“Dear Nick,  
Thanks for the first workshop, and for being so modest about your contribution.  
Kind regards,  
Mark”*

***Operations Director of a family run label manufacturer***
