Aim and Contents of the Course

The aim of this course is to equip participants with better knowledge and understanding about the diabetic foot and its related complications. Screening methods to help with the early identification of common foot pathologies in this specific patient population will be discussed. Educational and preventive measures including appropriate basic footcare and advice on footwear for this specific population will also be addressed.

Course Outline

Wednesday 7th April - why diabetes affects the foot and the need to prevent issues.

Thursday 8th April - Daily care of the foot. What to look out for.

Friday 9th April - Therapeutic foot wear, shoes & hosiery.

Trainers:

Prof Cynthia Formosa, Dr Alfred Gatt, Dr Stephen Mizzi

A short bio about each trainer can be read [here](#).

Certification

Upon successfully completing the course with 80% attendance, attendees will receive a certificate of attendance from Malta University Consulting Ltd.
